If you've been using **FNB Mobile**, you know that great new features have been added recently, including fingerprint login and full mobile bill pay. But maybe you haven't noticed this marvelous feature: **for the first time, you can now add payees on your phone!** Previously you could pay bills on your phone, but payees could be added only on a computer. Now you can add payees on your phone from anywhere! Follow the yellow highlights in these steps. Here's how:

Step 1. Select Bill Pay Option

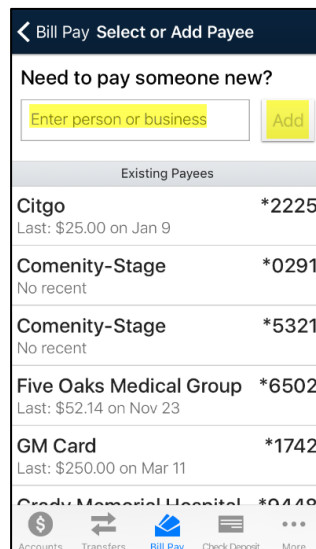

If you have any trouble, walk into any FNB location, and we'll show you how. We want you to benefit from all the technology features we deliver!

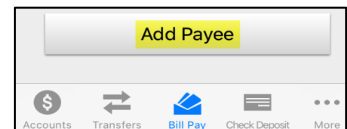

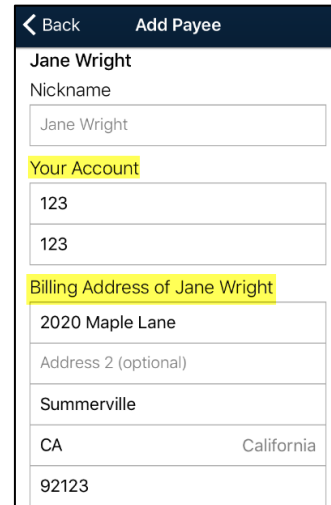

Step 2. Select Make a New Payment

Step 3. Enter Person or Business name and select add

Step 4. Enter Payee Information and select Add Payee

Step 5. See Payee Added Confirmation
