## **Goat sale brings growth in Alex**

Alex's first annual goat sale was a huge success on June 15. First National Bank Assistant Manager Paige Dunn along with Loan Officer Janette Rogers helped support the pro-agriculture effort by cooking hot dogs and hamburgers during the sale. This event was designed to raise awareness of livestock's impact on local economies.

"More than 30 agriculture teachers from all over the state of Oklahoma and including Texas attended the sale," Dunn said. "I love assisting our future agriculture students even if it is just providing food for them to eat."

In this photo, student Dustin Tolson and Agriculture teacher Chris Hall enjoy a hamburger prepared by FNBT Assistant Manager Paige Dunn and Loan Officer Janette Rogers.

"Next year the plan is to have the goats auctioned off with a live auctioneer," Dunn said. "The purpose behind the sale is to continue to push growth of agriculture showings back into the schools and I know next year will be an even bigger success."
