Cyril students receive inspirational books

More than 50 Cyril elementary first and fourth grade students received new books from First National Bank Vice President Diana Gray and Assistant Bank Manager Mary Chrismon on April 24.

The first grade class' book was "Be the Best You Can Be," helping inspire them to reach goals and have high aspirations.

Fourth grade received "The Way to Go," which focuses on character development. Both books work to inspire the students to continue to grow and learn.

"Each year we do this presentation in the morning, and even though it is early, the students and teachers have so much energy and enthusiasm," Gray said. "We all need a little more of that in our lives, no matter what our age."
