FNBT bankers show Bobcat pride at Spring Fling

Bridge Creek students celebrate the last week of school with a Spring Fling activities fair on May 9. First National Bank hosted an interactive FNBT 360 frisbee game booth where students were challenged to throw the frisbees into numbered slots in order to win a prize. “Activity fairs can be a lot of fun for the students but I truly appreciate the time I get to visit with the students about their financial and career goals for the future,” Multibanker Krystal Long said. Besides the frisbee throwing competitions, the students also had an opportunity to enter in a drawing to win an Alexa dot. The winner of the Alexa dot was student Mason Grubb.
