Mustang make-over challenge a success

Steve Sheffler and Amber Pagel of Mustang receive winnings of \$500 from First National Bank Manager Cheryl Kovach (center) and Mustang Board member Shannon McCulloch (far right) for earning first place in the Chamber's Mustang Make-over challenge. More than 25 people competed in the course, which lasted 12 weeks and was based on BMI loss. Each week the contestants learned more about weight loss, feeling healthy and keeping weight off once it had been lost. "Their hard work has literally paid off," Kovach said. "I am proud of the winners and I know they will continue to eat healthier and drink plenty of water from here on out."
