FNBT gifts Rainbow Fleet with donation for toys

Rainbow Fleet Executive Director Carrie Williams engages with children daily at Rainbow Fleet's resource center for young children and child daycare providers.

To assist, Vice President Stephen Schreiber provided a \$1,200 donation on behalf of First National Bank & Trust Co. to Rainbow Fleet Executive Director Carrie Williams to assist with expanding the growth in the nonprofit's resource center toy library.

"We are constantly buying new toys or skill building games to refresh our library because toys do tend to get broken or pieces lost once they are rented out to the children," Williams said.

Rainbow Fleet has been providing caregivers guidance since 1972.

The nonprofit provides nutrition programs, resource centers and training support to adult and child daycare providers across central Oklahoma.

"We offer classes like: safe sleep, CPR, behavior and guidance or anything else geared towards child care," Williams said.
