The Southern Charms' game of life

Southern Charms Relay for Life team of Alex chose the board game "The Game of Life" as their theme during the Pauls Valley Relay for Life meet on May 19. The entire First National Bank-Alex employees including Loan Officer Kim Sims Kohler participated in the fight against cancer walk and helped raise more than \$6,000.

"At some point in our path in life, we will be affected by cancer, whether it is the newborn or young person, friends, ourselves or our parents," Kohler said. "But along the way we will also cross paths with doctors, nurses, scientists and individuals like ourselves who will make steady and diligent efforts to eradicate this disease. It is important to realize that although today cancer may be a part of our game of life, it doesn't mean that it will be on the future generation's board game of life."

In this photo, the entire Alex Southern Charms Relay for Life team marches on holding the game of life sign to represent the fight for life.

FNBT Assistant Manager Paige Dunn (far left) serves as the event chair for Garvin County and FNBT Teller Hailey Terry (center wearing black hat) serves as the accounting chair for the team.
